The Lapis Collection

Lapis redefines modern seating with a lightweight, minimalist aesthetic. Built around versatility, the collection offers two distinct aesthetic options whilst referencing common design details. A mixed material combination of timber and powder-coated metal, or an all timber construction for selected chairs and stools.

This flexible collection of single chairs, low chairs, and stools is tailored to elevate any environment.

Cohesive Aesthetic

The Lapis collection allows specifiers, designers, and curators to resolve diverse seating requirements across a multiple spaces without breaking visual continuity.

From high-traffic communal zones to refined informal areas, Lapis maintains an integrated, defined look throughout your interior.

The Details

Every piece features Ash timber, finished to highlight the organic beauty of the natural wood grain. Choose between a warm, grounding Natural Ash or a bold, dramatic Black Stained Ash that accentuates the timber grain.

Lapis chairs are available with or without arms. The armed versions feature a minimal upholstered fabric detail along the top of the arm, adding a sophisticated touch of softness where it matters most.

Tailor the comfort and tactile nature of your collection with optional upholstered seats and backs. Select from the extensive range of Being House Fabrics to match your exact design narrative.

Refined and Adaptable

Lapis is a comprehensive collection for modern environments, crafted to bring a singular, cohesive aesthetic.

By offering an adaptable family of seating solutions, the collection is engineered to transition effortlessly across multiple diverse spaces while maintaining visual continuity.
