vega task chair

Vega

Vega is designed to support you through every part of your day, gently cradling your spine so you can stay comfortable for hours. It moves with you, naturally adjusting as you shift positions, so support is always there when you need it. Whether you're leaning in to get work done or sitting back to think, Vega responds effortlessly, creating a smooth and intuitive sitting experience.

Vega

With adjustable lumbar support and a customizable seat depth, the chair adapts to your body—not the other way around. An automatic tilt tension system makes setup simple, so you can settle in quickly, stay comfortable, and focus on what matters most.
