

FATI

Hanging cachepot

Hanging Gardens of Babylon anyone? We wish... But you are on your way to save on floor space and are taking advantage of overhead space with a made-to-measure FATI cachepot. We do not need to mention that plants increase ZEN in a workplace, but we will note that FATI can be used to create non-permanent space definition as well as wayfinding. This made to suit ceiling height planter is to be screw fixed to the ceiling slab or beam.
